

## **Title: Swim BC Gender Equity Policy**

**Section:** Swim BC Social Policies  
**Approved by:** SBC Board of Directors

**Date of Approval:** Feb 27, 2020  
**Next Review:** Feb 27, 2022

### **Policy Statement**

Swim BC governs itself with the belief and practice that equity is fair and just treatment for all individuals. Gender equity is the principle and practice of ensuring access, opportunity and the fair equitable allocation of resources to all genders. To be equitable means to be fair and to appear to be fair.

The implementation of gender equity eliminates discriminatory practices, which act as barriers to full participation in the sport. Swim BC will work to ensure that gender equity is a key consideration when developing, implementing, updating or delivering programs, policies and projects. Additionally, Swim BC will make efforts towards raising the awareness and understanding of the equity issue in the swimming community. Equity does not necessarily mean that all people must be treated the same. Gender Equality requires the consideration of the unique needs, interests and experiences of the target group. This includes having activities of their choice within a fair and unbiased environment.

Swim BC has the opportunity to take a compelling leadership position within the sport community in British Columbia by making a clear commitment to gender equity.

### **Objectives:**

- To provide access to a complete range of choices and opportunities regardless of gender
- To ensure that members' needs and interests are met in programs, administration and leadership.
