Complete and submit to Swim BC for access to the Registration and Event Management System (REMS)

Swim BC's registration data is confidential information protected under federal and provincial Acts. This information is not to be divulged to outside agencies. Best judgement must be applied when asked for contact information from people outside the BC swimming community. The club must ensure that the information requested is reasonably associated with the organization's functions and is used according to the purposes that were expressed to the registrant upon collection.

The Club Registrar is the primary custodian of the registration data for each club. If another representative in the Club requires access to REMS, this form must be completed and sent to Swim BC, for additional user online system access.
