COMPETITION WARM-UP SAFETY PROCEDURES

For all Swim BC sanctioned competitions, Meet Management must ensure the following warm-up safety procedures are implemented. Coaches, swimmers, and officials share responsibility for adhering to these guidelines during all scheduled warm-up periods. Coaches are encouraged to support Warm-Up Supervisor in promoting a safe environment.

GENERAL WARM-UP

- Swimmers must enter the pool **FEET FIRST** in a cautious manner, entering from a start or turn end only and from a standing or sitting position.
- Swimmers shall always be aware of their surroundings and keep the end walls clear.
- Running on the pool deck and running entries into the pool are prohibited.
- Meet Management may designate the use of sprint or pace lanes during the scheduled warm-up time. Any such lane usage must be communicated through a pre-competition handout or announcement and visible through on deck signage.
- **Swim BC recommends that**, where lane density exceeds 20 swimmers per lane SC or 40 swimmers per lane LC, Meet Management split warm-up to ensure a safe environment (swimmers per lane) exists (i.e. by club, gender or age). A split warm up must be communicated in some fashion prior to the start of warm-up. This can be through a pre-competition handout or email, a technical meeting, or a general announcement.
- Diving starts shall be permitted only in designated sprint lanes. Only one-way swimming from the start end of sprint lanes is permitted.
- When leaving sprint lanes, swimmers must be cautious and aware of their surroundings. If crossing into other lanes, they must ensure they do not interfere with ongoing sprint activity, pace work or para designated lanes.
- Coaches shall decide if their swimmer is ready to safely participate in pace work in designated pace lanes and must be directly supervised by their coaches.
- Pools with backstroke starting ledges available may offer a designated lane for backstroke starts at meet management's discretion. (This is not mandatory if not enough general lane space is available for the number of swimmers in the meet.)
- Notices or barriers must be placed on starting blocks to indicate no diving during warm-up.
- Pre-event training shall be managed by the coaches and will have sufficient lifeguards on deck. There will be no Warm-Up Supervisors in place during pre-event training.
- Warm-Up Supervisors will only be placed in the competition pool when warm-ups take place.

EQUIPMENT

- Only Kick Boards, Pull-Buoys, Ankle Bands, and Snorkels are permitted for use in the main warm-up pool during warm-up.
- Hand paddles and flippers are permitted for use in a secondary warm-up pool only (where available), at Meet Management's discretion and recommended only for national events or senior competitions.
- At Meet Management's discretion and based on available space, the Meet Manager may permit use of tubing or cord assisted sprinting in designated lanes and during specific times of the warm-up only. It is recommended that this only be allowed in secondary warm-up pools as space allows. Coaches are responsible for equipment reliability and use. This is recommended only for national events or senior competitions.
